

Master upholsterer Crowther & Sons unveils refurbished Nettleham showroom

Master upholsterer, Crowther & Sons, has invested in a complete refurbishment of its spacious Nettleham showroom. The 960 square foot showroom with ample free parking now includes an impressive Fabric Library for clients to browse at leisure through fabric samples from a wide selection of the UK's leading fabric houses.

A new client area allows visitors to sit and discuss an order in comfort with trained and knowledgeable staff that can help with all the design and size options on display such as castors, legs, trimmings and scatter cushions.

“We have listened to our loyal clients and made a significant investment in our newly refurbished showroom which is now a beautiful setting to display our extensive fabric collections and furniture. This is now a one stop shop for new furniture

and re-upholstery commissions, scatter cushions and accessories and we hope our clients enjoy using the new space,” comments Founder and MD Edward Crowther.

The Fabric Library is one of the most extensive of its type in the county and includes the latest sample books from companies such as Harlequin, Ian Mankin, Jim Dickens, GP&J Baker, Blendworth, Romo, Sanderson, Warwick, Zinc and Zoffany and many more.

The refurbished showroom is adjacent to the extensive workshop and a viewing area allows clients to see the impressive hand skills of the Crowther & Sons team of master upholsterers at work. A large car park directly in front of the showroom provides a stress-free, out of town location for clients. Crowther & Sons is a family business which is recognised throughout the UK for the skill of its craftsmen and women and the quality and variety of furniture that is all made by hand. The Company's reputation was recently acknowledged by Liberty Fabrics who selected Crowther & Sons as its sole supplier in the Lincoln area.

A 1930s Drop Arm Sofa re-upholstered in Liberty Ianthe Flower fabric.

Child's chair (Holly) covered in Marquess Velvet Azure from Liberty fabrics. Handmade in the Crowther & Sons workshop. Price from £495 plus 2 metres of fabric.
