

Colour is a vital ingredient in any interior and adding colour through accessories is a quick and easy way to give a room a new look. Check out these fab fabrics and cushions from local upholsterer Crowther & Sons.

Master upholsterer, Crowther & Sons, has recently upgraded its inspiring fabric library at the Nettleham showroom as part of its 30th birthday expansion in 2014. Clients can browse through the extensive selection of fabrics for both upholstery and soft furnishings from many of the UK's leading fabric houses including Romo, Harlequin and Blendworth.

The fabric library includes stunning fabrics from Boeme Design available exclusively at Crowther & Sons in Lincolnshire.

MD, Edward Crowther, discovered this unique fabric collection at international design exhibition, Decorex. The Boeme signature is

all about originality - celebrating a love for painting, colour and pattern. It is one of the key collections in the new Crowther fabric library at the Nettleham showroom.

To celebrate the launch of the new fabric library, Crowther & Sons has produced a selection of scatter cushions using the Boeme fabrics. The cushions are £79 each.

For further information telephone 01522 510520 or visit the showroom at The Barn, Ashtree Farm, Sudbrooke Lane, Nettleham, Lincoln LN2 2QQ. www.crowtherandsons.com Twitter: @Crowtherandsons
